

New York Stock Market

New York, February 10.—Wall Street indifference, so far as the movement of stocks is concerned, to the unexpected good January report of the United States Steel Corporation, demonstrated clearly the apathetic condition into which the market has fallen. The increase of 436,000 tons in unfilled orders at the end of January was much below expectations, and was the first increase to be shown since the publication of the report for the last quarter of 1909. Unfilled orders then amounted to 2,577,000 tons, from which time the ebbing tide of business resulted in steady losses until December 21, when the figures had been reduced to 2,417,000 tons. United States Steel rose less than half a point, and immediately reacted. The general list made no response whatever. The stock market did little all day long. It opened fairly strong and advanced on distribution of buying orders. The advance, however, elicited little support, and prices fell on when the market took the profit. The elements thereafter were inconsiderable, and trading fell off to the smallest proportions of the week. The market was well sustained, however, until the final hour, when renewed efforts to depress prices resulted in the lowest quotations of the day for some of the active issues. Gould stocks were again active, and Missouri Pacific advanced to its highest point. The present movement includes the report that a traffic agreement is to be made between the Southern Railway and the Missouri Pacific. No confirmation of the report was obtainable in official quarters. An announcement from London indicated early announcement from the Southern Railway bond sale, which has been pending for several weeks, and that the American financing in European markets.

Known movements of money to the effect of business yesterday showed a cash gain by the banks of \$7,262,000 from the interior, indicating that the loss in receipts was smaller than the credit for several weeks. Indications, however, are that to-morrow's bank statement will show a smaller cash gain than has been the case for several weeks. Bonds were firm. Total sales, par value, \$3,851,000. United States bonds unchanged on call.

Total sales of stocks for the day, 333,700 shares. New York, February 10.—Money on call steady, 1-1/2 to 1-3/4; prime, 1-1/2 to 1-3/4; closing bid, 1-1/2; offered at, 1-1/2.
